

I believe that the number one reason why Jewish people do not believe in Jesus is because they believe they would no longer be Jewish if they accept Jesus. Of course, nothing can be further from the truth! When a Jewish person becomes a believer in Jesus, he or she is simply embracing the Messiah, for whom we've been waiting thousands of years. How could it NOT be a "Jewish" thing to do – to believe in the Messiah? Our Scriptures and tradition teach us that every Jewish person in the world should follow Him when He comes.

Our yearly evangelistic newsletter is designed for you to read, enjoy and learn and then hopefully give away to your not-yet-believing Jewish or Gentile friend. [You can download a PDF version here](#). The newsletter is packed full of great Messianic Jewish apologetics explaining why we believe that Jesus is the Messiah, including web related links and offers to receive more information. We hope that you will take this opportunity to prayerfully reach out to Jewish people that you know, and help us "Bring the Message to the Original Messengers." Please pray that many Jewish people will receive these newsletters, as well as our online version, with a spiritually open and enquiring heart.

We also invite you to prayerfully share in the harvest with us through your financial support as we continue to reach out to Jewish people here in Australia, New Zealand, Russia, Israel, and in 14 other countries around the world. We are doing as much as we can in these urgent times to share the Good News of Yeshua with our Jewish people. Every gift, large or small, helps us fulfil our mission. Thank you for your faithful and generous support.

Yours together for Israel's salvation,

Lawrence Hirsch
